A

warm welcome to Arniston Spa Hotel.

Research has indicated that this cool region would produce the best Pinot Noir, Chardonnay & Sauvignon Blanc wines in the Cape.

They were right because the best of these cultivars are made between Elgin & Elim, where the cool sea breeze & southernmost slopes provide the perfect conditions for this success.

We are tremendously proud of our wine region and highly recommend these wines to compliment your meal. Our wine list also features many of South Africa's other top wine growers.

We wish you a pleasant & memorable evening.  
Please sit back, relax and enjoy a great bottle of wine!

*Good service, good food & good company*
